## Technical Skills — Overview

### Programming

## Education

**BEng. Computer Science and Technology** (GPA : 3.62 / 4, Major)  
Hebei University of Technology  
2017 - present | Tianjin, China

**BSc. Information and Computing Science** (GPA : 3.62 / 4)  
Hebei University of Technology  
2017 - present | Tianjin, China

## Experience

Jun, 2020 - Present **Researcher** Hebei UT

- Researcher in Prof. Wang's lab, at the school of artificial intelligence, Hebei UT.
- Topic: Introduce High Order MRF into graph network and transform it into U-Net structure for segmentation.

Mar, 2020 - Apr, 2020 **Team leader & Database Engineer** Hebei UT

- In a team of 4, developed Easy English, a mobile app aiming at offering users with joyful English learning experience.
- Enhanced searching capabilities by applying approximate string matching.
- Applied OCR to judge a composition: The app can transfer uploaded essay pictures to words and judge the articles through grammar, words, expression and thought.
- Acquired software copyright successfully.

Jan, 2020 - Feb, 2020 **Test Engineer** Hebei UT

- Worked with 3 team members to develop Dingkao exam-monitoring system, a robust C# project.
- Fixed several problems in system, and brought about new features for student users.
- Improved develop efficiency by applying CI/CD pipeline.
- Acquired software copyright successfully.

Nov, 2019 **Front-end Engineer** Hebei UT

- Worked with 5 team members to complete a project named Zhikao online judge system, a platform for student users to evaluate codes and other assignments.
- Designed and implemented UI with C#, passed all the software tests in final version.
- Obtained 3A evaluation from the instructor.
- Acquired software copyright successfully.

Sept, 2019 **Team Member** Hebei UT

- Participated in CCPC(China Collegiate Programming Contest)
- Competed with 260+ teams from top universities in China.
- Award: bronze medal.

Mar, 2019 **Team Member** Hebei UT

- Participated in CCCC-GPLT(China Collegiate Computing Contest-Group Programming Ladder Tournament).
- Solved challenging algorithm problems as a team of 10.
- Award: silver medal.
